FTTX, Fiber to YOU!*

SHENZHEN USOURCE TECHNOLOGY CO., LTD

深圳市优索思科技有限公司

From components----- To modules

A photograph of a company sign for Shenzhen USource Technology Co., Ltd. The sign is mounted on a wall and features the company name in Chinese characters (深圳市优索思科技有限公司) in a blue arc at the top. Below it is the USource logo and the English name 'SHENZHEN USOURCE TECHNOLOGY CO., LTD' in blue capital letters. In front of the sign is a modern reception desk with a white marble top and a grey stone base.

## Company profile

➤ USource is founded by professionals who have been engaged in optical fiber communication industry for more than 12 years, focusing on the R&D and production of CWDM DWDM FWDM PWDM MWDM LWDM, etc. The leading professional technology and excellent micro optical design and manufacturing capabilities enable our WDMs popular used for 5G networking.

➤ **Corporate objectives** : USource never lower quality, only reduce cost by improving technology and productivity. USource help customers save 20% costs comparing with other competitors.

## 3 ports filter Components

- ❑ FWDM 3 port component
- ❑ CWDM 3 port component
- ❑ DWDM 3 port component
- ❑ mini 3 port component

- mini ABS box
- steel tube package
- glass package
- mini glass package

# WDM Modules family

## Packaging

- ❑ ABS box
- ❑ Cartridge box
- ❑ CCWDM mini metal box
- ❑ LGX metal box
- ❑ 1RU chassis

# Mini CWDM Modules

## Packaging: Mini metal box

- ❑ 8 Channels box size: 55\*28\*7 mm
- ❑ 18 Channels box size: 55\*45\*6 mm

➤ Operating Temperature : -5~70°C

➤ Insertion Loss:

4Ch < 0.8 dB

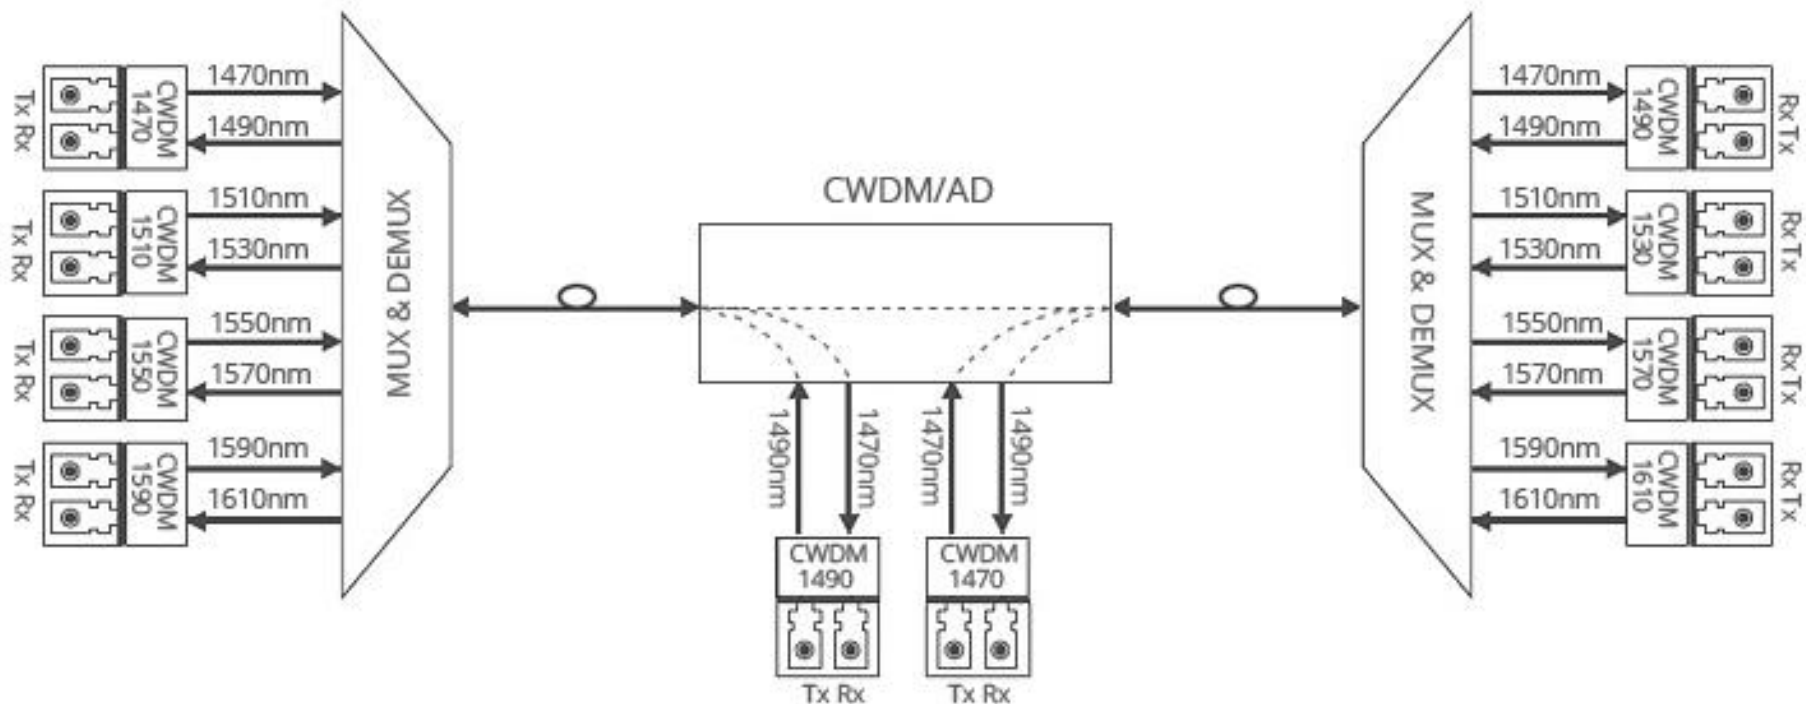

8Ch < 1.4 dB

18Ch < 2.0 dB

# OADM Modules

- Packaging: LGX metal box (for 1U Rack mount)
- Add/Drop for east and west
- CWDM/DWDM optional
- Operating Temperature : -40~85°C

1-Channel Simplex BIDI-Transmission Add/Drop MUX/DEMUX

# Tri-networks Integration, PON + CATV

- Packaging: 1U 19" Rack mount
- 1 port for CATV 1550nm input
- 8/16/32 input ports for GPON (1310/1490nm) or XGS-PON (1270/1577nm)
- 8/16/32 output ports for COM (1310/1490+1550) or (1270/1577+1550)
- Operating Temperature : -40~85°C

- Packaging: 3 ports components
- Pass for CATV 1550nm
- Reflect for GPON (1310/1490nm) or XGS-PON (1270/1577nm)
- COM (1310/1490+1550) or (1270/1577+1550)
- Operating Temperature : -40~85°C

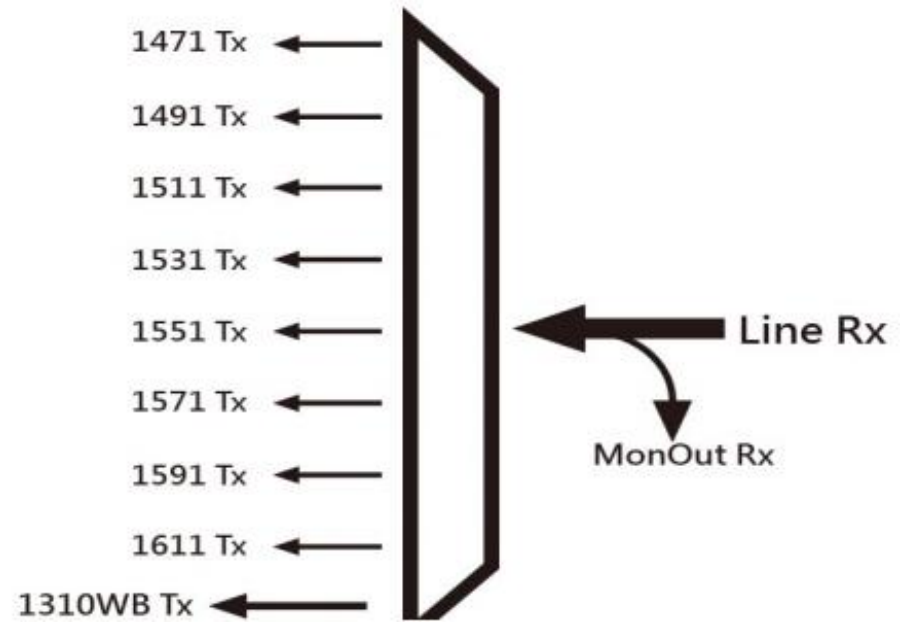

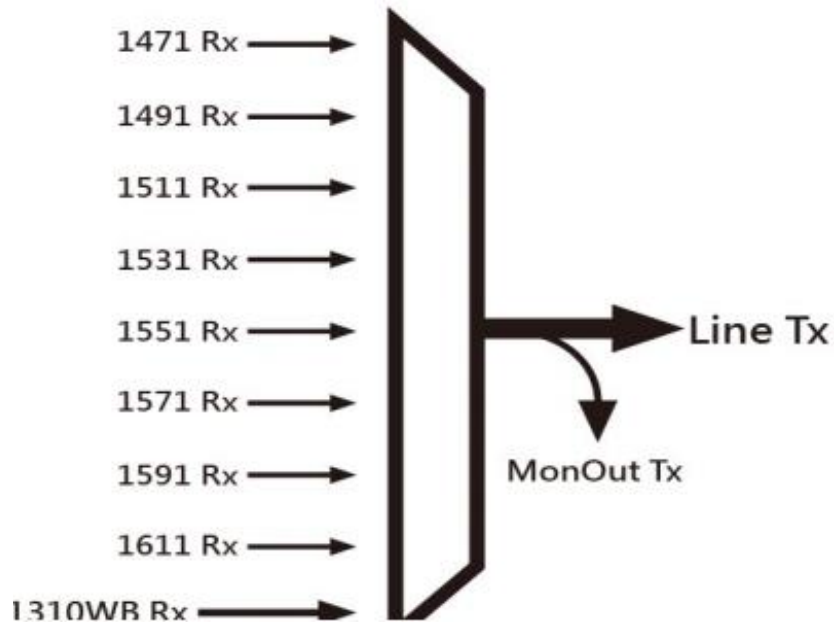

- **PWDM**: Pass port with PD, COM & Reflect port with SC connector

# CWDM with 1310 wide band

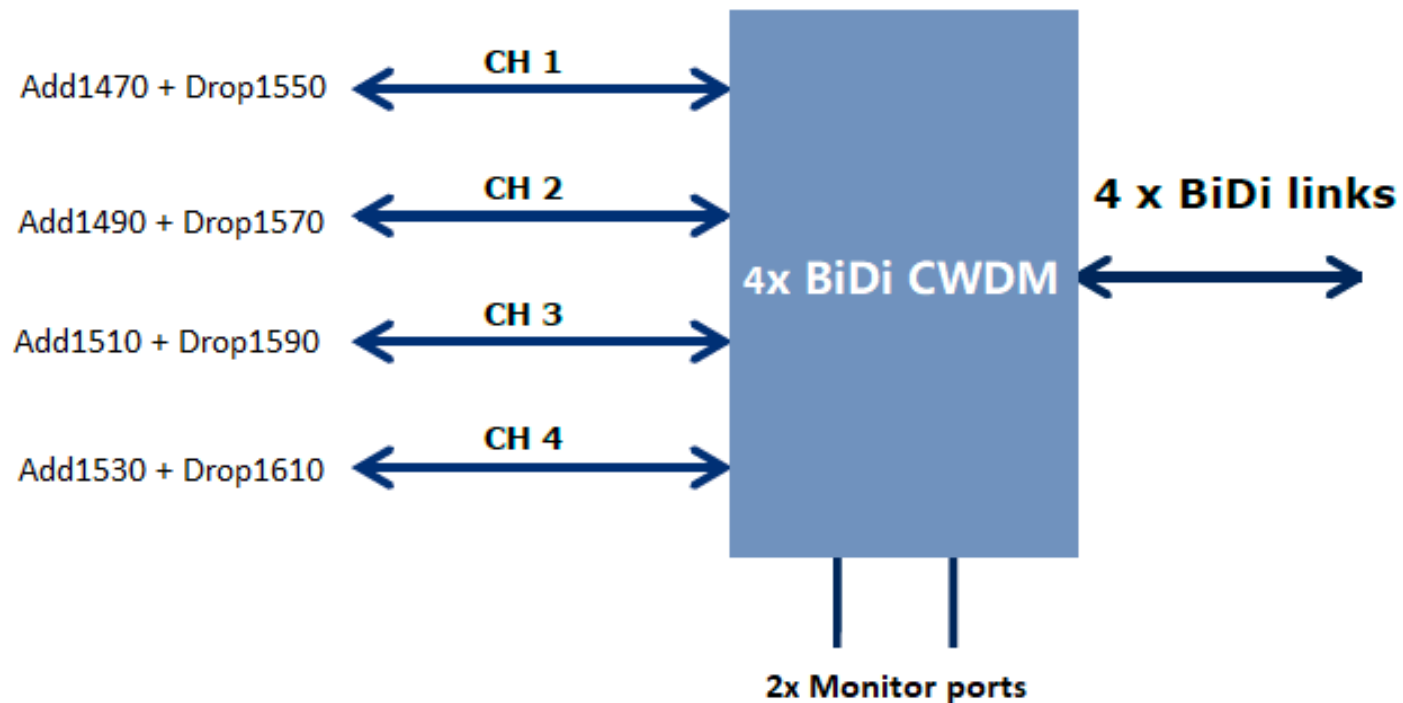

- Packaging: LGX metal box (for 1U Rack mount)
- 1310 wide band: 1260-1457nm (isolation > 30 dB)
- Monitor port (2% splitter)
- Operating Temperature : -40~85°C

# Bi-directional CWDM modules

- Packaging: LGX metal box (for 1U Rack mount)
- 2 wavelengths on each Channel
- Monitor port (Send/Receive)
- Operating Temperature :  $-40\sim 85^{\circ}\text{C}$

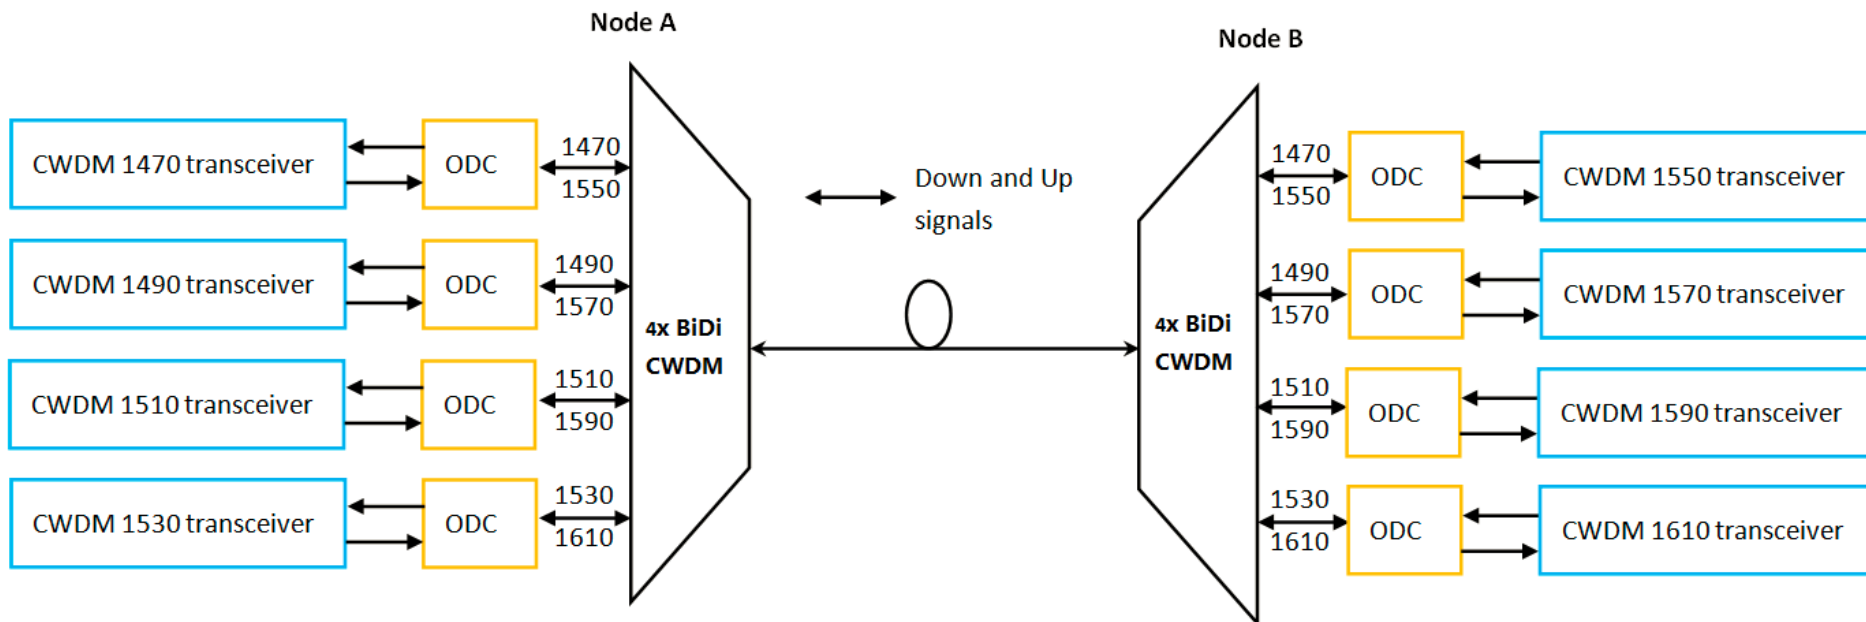

## 3 ports ODC (Optical Direction Coupler)

- Pass port: 1551,1571,1591,1611 (1544~1618nm)
- Reflect port: 1471 1491 1511 1531 (1450~1538nm)
- COM port: Bi-direction wavelengths
- Operating Temperature : -40~85°C

The ODC is based on thin film filter technology. They can be used in high-power applications in WDM systems, which is used for dividing two groups of wavelengths into single fiber.

One group is 1471/1491/1511/1531, the other is 1551/1571/1591/1611.

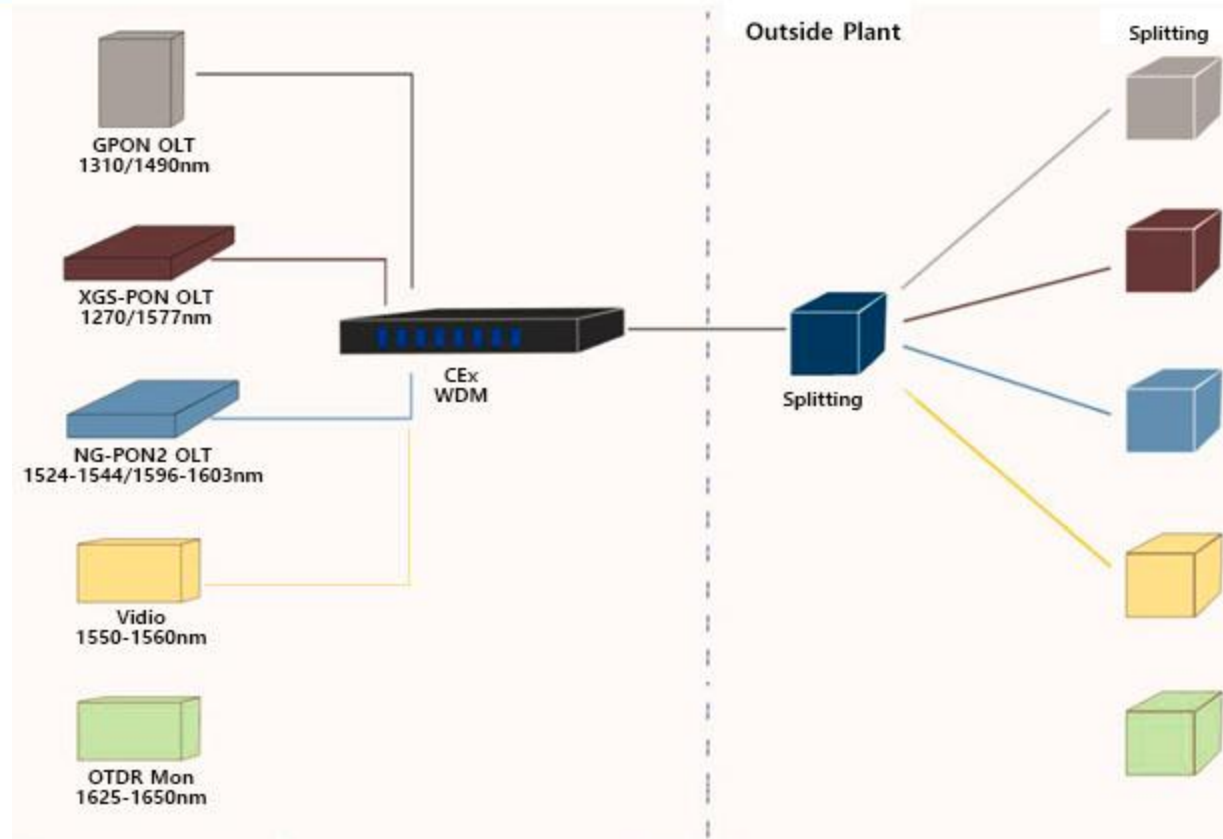

# DWDM AAWG channels up to 96CH max

- Packaging: 1U 19" Rack mount
- Channels: 32/40/48/96 C/L-band, ITU-T grid
- Gaussian Type: Insertion loss < 4dB
- Flat-Top Type: Insertion loss < 6 dB
- Operating Temperature : -5~65°C

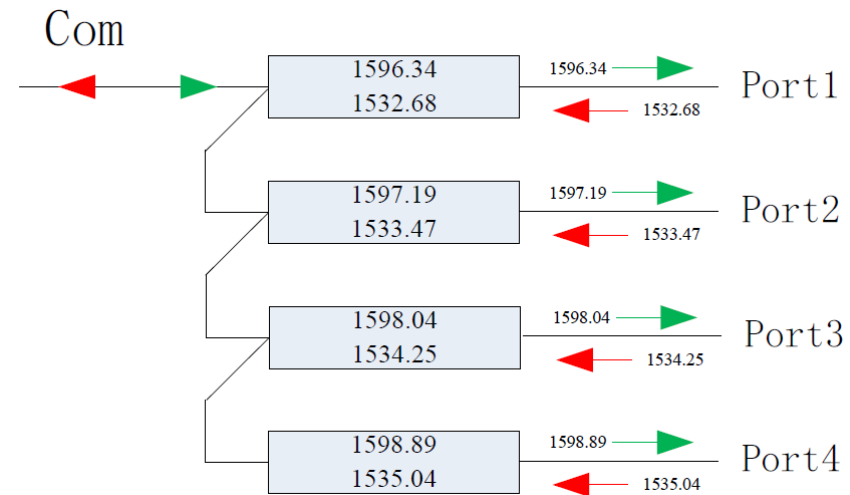

# 5G solution: PON networking multiplexer

## □ CEx WDM

Parameter		Units	Wavelength (US)	Wavelength (DS)
Working Wavelength Range		nm	1260 ~ 1650	
Pass Band	G-PON	nm	1290 ~ 1330	1480 ~ 1500
	XGS-PON		1260 ~ 1280	1575 ~ 1581
	NG-PON2		1524 ~ 1544	1596 ~ 1603
	Video		1550 ~ 1560	
	OTDR Mon		1625 ~ 1650	

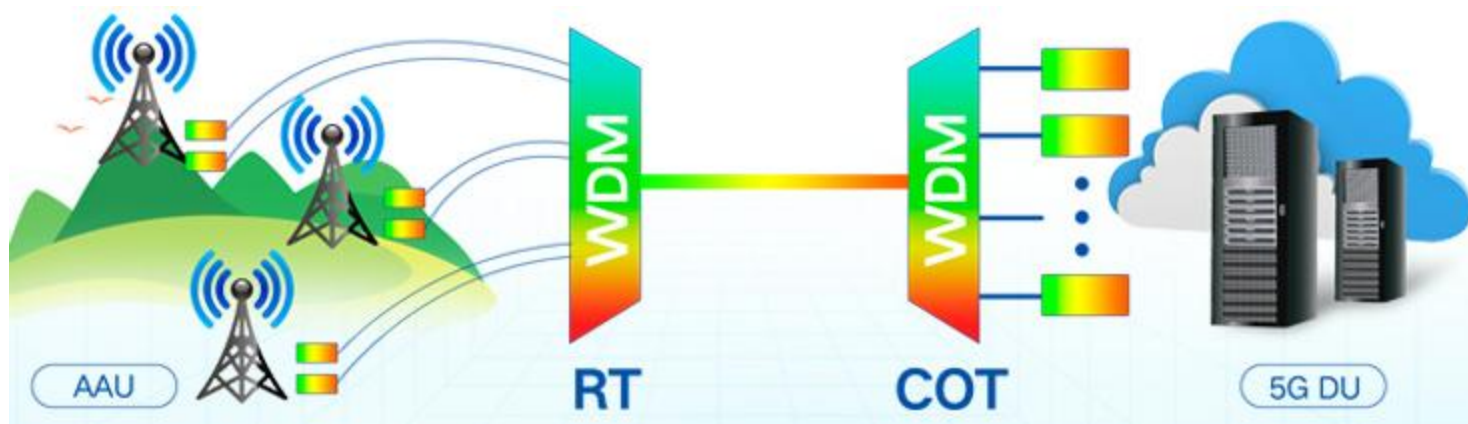

# WDM modules for NGPON2 solution

Parameters	Unit	Specifications
Operating Wavelength	nm	1520~1610
Channel Number	NA	4
Channel Spacing	GHz	100
Bandwidth @ 0.5dB	nm	ITU $\pm 0.125$
Insertion Loss	dB	$\leq 2.5$
Ripple	dB	$\leq 0.5$
Adjacent Channel Isolation	dB	$\geq 30$
Non-adjacent Channel Isolation	dB	$\geq 45$
PDL	dB	$\leq 0.2$
Directivity	dB	$> 50$
Return Loss	dB	$\geq 50$

# 5G : DWDM O-band, for Korea Telecom

- ❑ 800Ghz 25G COT/RT module
- ❑ 100Ghz 10G COT/RT module

***Thank you!***
